

# Western Australian Coding Rule

## 0718/01 Selective venous sampling

WA Coding Rule 1110/09 *Selective venous sampling and venogram under sedation* is superseded by WA Coding Rule 0718/01 *Selective venous sampling*.

### Q.

Please advise procedure code/s for venous sampling and venogram performed under IV sedation. Admission is a booked day case with a provisional diagnosis Hypophosphataemia.

### A.

Selective venous sampling involves taking samples of venous blood via catheterisation of the femoral vein. The correct ACHI code assignment is *13815-01 [738] Percutaneous central vein catheterisation*. Venogram is not coded as per ACS 0042 *Procedures normally not coded*, point 11.

## DECISION

**Assign *13815-01 [738] Percutaneous central vein catheterisation* for venous sampling via femoral vein catheterisation.**

[Effective 01 July 2018, ICD-10-AM/ACHI/ACS 10<sup>th</sup> Ed.]

# Western Australian Coding Rule

## 1110/09 Selective venous sampling and venogram under sedation

### Q.

Please advise procedure code/s for venous sampling and venogram performed under IV sedation. Admission is a booked day case with a provisional diagnosis Hypophosphataemia.

### A.

This is a Type C procedure but meets criteria for admission because it is performed under sedation. This procedure involves taking samples of venous blood via catheterisation of the femoral vein. We advise to code *13815-01 [738] Percutaneous central vein catheterisation* and *59718-00 [1990] Phlebography*.

### DECISION

**Assign *13815-01 [738] Percutaneous central vein catheterisation* and *59718-00 [1990] Phlebograph* for venous sampling and venogram.**

[Effective 17 Nov 2010, ICD-10-AM/ACHI/ACS 7<sup>th</sup> Ed.]
