

Attending my sleep clinic

1

I want to be healthy so I am going to see a sleep doctor.

2

I am coming to Perth Children's Hospital for this.

3

I am packing some of my favourite things to help me feel comfortable.

4

From ground floor, I take the pink lifts to the 1st floor.

5

Next, I walk to clinic F.

6

I can then relax in the wait room.

7

My helper will measure my height and weight.

8

My number will be called on the screen.

9

I will go in to see and talk to the friendly doctor.

10

The doctor will listen to my chest with a stethoscope.

11

I will wait while the doctor talks about a plan to keep me healthy.

12

The appointment is finished. I say goodbye and it is time to go home.
