

Clinical Trial Professional Development

A-CTEC
Australian Clinical Trials
Education Centre

Training link: 
<https://actec.myopenlms.net>

The WA Regional Clinical trial Coordinating Centre has partnered with A-CTEC to bring the **latest online clinical trial education to Western Australians**. Under the leadership of the WA Country Health Service Research and Innovation Team, this significant collaboration will unlock substantial opportunities for WA researchers and the healthcare community.

A-CTEC provides:

- ✓ Education and training that caters to the various levels of experience and competency of the clinical trials workforce
- ✓ Courses which are interactive, practical, multi-modal and evidence based
- ✓ Networking opportunities for the clinical trials workforce
- ✓ A forum where duplication is reduced by working collaboratively to share resources and expertise
- ✓ Reporting for reaccreditation

What is A-CTEC?

A-CTEC is a not for profit, member-based education platform, hosting a suite of evidence-based, interactive clinical trials education opportunities suitable for a range of learning needs

What is A-CTEC's vision?

To build the capacity and capability of the clinical trials workforce through easy access to world-class education and training opportunities, at no cost to the end user

Who is A-CTEC for?

A-CTEC is available to all staff involved in clinical trials in health service and university settings, regardless of role or site

Funded by

Australian Teletrial Program
Access to clinical trials, closer to home

The WA Regional Clinical trial Coordinating Centre (WARCCC) is delivering the Australian Teletrial Program in WA.

Our aim is to provide rural, regional and remote Western Australian's with clinical trial access closer to home.
